Millsap ISD  
Athletic Program

**Purpose**

The purpose of our athletic program is to build mentally and physically strong young men and women, who will take the traits of integrity, self-discipline, and hard-work into society.

**Philosophy**

Our athletic programs will be built in the following order: 1.) Character 2.) Academic Performance 3.) Athletic Performance. It is our goal to produce athletes who will have the courage to not only compete in the face of any adversity, but compete with passion. We will strive to produce athletes who have an understanding that execution is important in every aspect of life, and achievement comes with experience, learning and hard work.

**Objectives**

1. Instill a sense of self-discipline in every athlete.
2. Understand the importance of execution and achievement.
3. Create a positive atmosphere about the athletes, the program, and the school.
4. Teach the importance of TEAM and COMMITMENT when striving for a goal.
5. Teach the value of being successful.
6. Teach the importance of representing your community and instilling community pride.

**Participation**

It is the goal of the athletic program to offer the opportunity of participation to every student who has a desire and commitment to do so. Interscholastic athletics fosters competition and cooperation, both of which are key elements of a successful and productive society. It also represents an area of great potential for teaching dedication, commitment, perseverance, courage, loyalty, desire, self-confidence, and accountability.

However, no student is obligated to take part in athletics nor is participation in athletics required for graduation. **It is to be stressed that participation in the athletic program is a privilege.** The Athletic Director, and/or Head Coach's have the authority to suspend or revoke the privilege when the rules and/or standards of the athletic program are not followed.

The rules, regulations, and standards set forth in this handbook are designed to give each student a road map to success in life. It must be stressed that a student who chooses to enter this program must be committed to the program at all times.

## General Guidelines for Participation

1. Each athlete will have a physical and complete the U.I.L. medical information forms each school year.
2. Athletes must notify the appropriate coach of an absence from any athletic practice that occurs outside the normal school day prior to the beginning of the practice. Failure to do so will result in conditioning to be administered by the appropriate coaches.
3. Athletes are responsible for remaining academically eligible. Athletes that are academically ineligible for two consecutive grading periods are subject to removal from athletics. Athletes may enter athletics only after a meeting has occurred with the athlete, parent/guardian, and the athletic coordinator. Athletes may attempt to re-enter athletics the beginning of a new semester.
4. Athletes will refrain from the use or possession of tobacco or any tobacco product. Failure to abide by this rule will result in conditioning to be administered by the coach.
5. Students enrolled in athletics will provide a quality appearance in both behavior and grooming standards. Students enrolled in athletics will not alter their appearance as to become a distraction from the team concept. This includes, but is not limited to unnatural hair color or styles.
6. No jewelry shall be worn during practice or games.
7. Athletes are encouraged to travel to and from the games as a team. Athletes will travel with the team and coach unless a parent/guardian is present to sign for the athlete. Each Head Coach has the authority to determine travel arrangements for their sport post game.
8. Commitment is strongly encouraged in the athletic program. If an athlete chooses to quit a sport after the season has begun he/she will not be allowed to join another sport until a meeting is conducted with the coaches, parents, the athletic director, and student. In addition to the meeting, the student athlete must wait until the season of the sport the student is quitting has ended before joining a different sport. A sport is deemed to have started when the UIL calendar allows after school workouts to begin. For sports that start before school begins there will be a two week grace period.
9. Athletes must be enrolled in the athletic period to participate in team sports. Team sports include: baseball, basketball, football, softball, and volleyball.
10. The Athletic period is for Athletes only. If student is not involved in a school sport they will not be permitted entrance into the athletic period. An exception to this rule is the consideration of athletic trainers, and/or those hindered by medical conditions restricting them from sport participation.
11. An athlete is expected to participate in all competitions for the sport they are participating in. Arrangements should be made with the coach prior to the competition if the athlete is not participating. Missing a competition without notification will result in the following consequences:
  - a. First Offense- Possible removal, conditioning set forth by the appropriate coach.
  - b. Second Offense- Removal from the sport subject to a meeting with the athlete, parent/guardian, head coach, and athletic director.  
\*\* The Head Coach reserves the right to advance or reduce the discipline based upon individual circumstances.\*\*

Each head coach has the right to instill additional guidelines and rules for their respective sport. Those guidelines and rules will be in addition to the general guidelines of the athletic department. All rules and guidelines will be consistent with the ideas of instilling commitment, positive attitudes, team concepts and self-discipline.

### **Insurance**

Extra-curricular accidental insurance shall be provided to all students in Millsap ISD who are participating in athletics. This is a secondary policy and should not be considered primary coverage. In order for the insurance to cover an injury the injury must have occurred during a school sponsored and supervised event.

### **Lettering Policy**

Athletes may receive from the school one major award during their high school career. For Millsap ISD that award will be a school letter jacket. In order to receive a school letter jacket an athlete must meet the following criteria at the varsity level.
