

I'm thrilled to have the chance to call myself a Bulldog once again. As I embark on my first year as Assistant Principal at Millsap High School, I am deeply honored to serve the students, teachers, and the entire Millsap ISD community in this capacity.

My journey with Millsap ISD is not just professional but deeply personal. I am fortunate to share my life with my incredible partner, Heidi Abbott, as we approach our 20th wedding anniversary this year. Our children, Addison and Hudson, have been part of Millsap ISD since Pre-K. I am immensely proud of the individuals they have become, nurtured by the dedication of our exceptional educators and community. My daughter, who excelled in academics and cross country under the mentorship of Coach Green and Coach Ford, now competes at the collegiate level at Ouachita Baptist University. Meanwhile, my son has flourished in the tennis program at Millsap, thanks to Coach Bean's guidance. Millsap ISD has been an ideal environment for our family, and I could not envision a better place for our children's education.

With 13 years of experience in education, including teaching math at Millsap Elementary not so many years ago, I have also served at Aledo ISD teaching math and science and at Weatherford ISD as a math teacher and instructional coach. Despite these experiences outside the Millsap community, my commitment and affection for Millsap have remained steadfast. As a parent, educator, and administrator, I am convinced Millsap ISD offers a unique and premier educational environment that benefits every student.

I am deeply committed to our mission to “inspire, develop, and educate every child in a safe environment to be a productive, responsible citizen prepared for lifelong success.” Moreover, I am deeply grateful for the trust you have placed in us with the education and development of your most treasured possessions—your children. This trust is not something I take lightly, and I am committed to ensuring that every student receives the best education possible.

Go Bulldogs!
