

Technology Integration Assessment 2

Design a lesson plan using the following processes: (See the Lesson Plan Example)

- I. Fundamental Five (It is assumed you will be in the Power Zone)
 - A. Frame the Lesson
 - B. Frequent, small group, purposeful talk about the learning
 - C. Recognize and Reinforce
 - D. Write Critically

- II. Four Cs (This is for the students) (Use one or more)
 - A. Collaboration
 - B. Communication
 - C. Creativity (Problem Solving)
 - D. Critical Thinking

- III. Bloom's Revised Taxonomy (Ideally, we want lessons that promote analyzing, evaluating, and creating)
 - A. Remembering
 - B. Understanding
 - C. Applying
 - D. Analyzing
 - E. Evaluating
 - F. Creating

Technology Integration Assessment 2

IV. SAMR Model for Integrating Technology (Select one aspect of your lesson plan to apply SAMR)

- A. Substituting
- B. Augmenting
- C. Modifying
- D. Redesign

Email lesson plan (Technology Integration Worksheet) to METCA@millsapisd.net .
