

We are providing advance notice that the program convenience fee you pay at MySchoolBucks when funding your student's meal account will be increasing to \$2.49 per payment as of December 11, 2017. This includes any AutoPay automatic payments you may have set up.

For 16 years, the MySchoolBucks program fee has remained the same, even as our costs have steadily increased. Unfortunately, we can no longer absorb the entirety of these costs.

Providing convenient, secure school meal payment options for busy families remains our #1 priority. We've recently added new product features to make it easier for you to make those payments, including a redesigned mobile app so that you can quickly manage your student's meal account on the go. We also continue to invest significantly in world-class security to protect your personal information and that of your student(s).

If you would like to make changes to your automatic payment settings, please visit the AutoPay Settings within your MySchoolBucks account. We understand you may have questions, and our support team is standing by to help. Please contact us at (855) 832-5226 or support@myschoolbucks.com.

Sincerely,

The MySchoolBucks Team
